Categories: Lepic 3-22 to 4-4

Kelly,

The business license is a permit that falls within the scope of the CERCLA section 121 permit exemption for onsite remedial work. Nonetheless, we will pass your message on to our CERCLA remediation contractors.

Subject: FW: Business License- Contractors at FMC

Barbara, I need to see if I can get a list of contractors that will be working on site for FMC CERCLA Remediation activities. I have also included a copy of the application that must be filled out and submitted to the Tribal Licensing Department. As you are well aware, all contractors on the Reservation are required to have a Business license.

Thanks
Kelly

All contractors are required to obtain a tribal business license.
